

Marijuana Effects on the Youth

THURSDAY, SEPTEMBER 15TH 5:30 - 8:00 PM PST \$50

Kevin A. Sabet, Ph. D.

Dubbed the “prodigy of drug politics” by NBC News, Kevin A. Sabet, Ph.D. is an author, consultant, former advisor to three U.S. presidential administrations (Presidents Clinton, Bush, and Obama), affiliated fellow at Yale University, and adjunct professor.

Dr. Kenneth Finn

Dr. Kenneth Finn is Board Certified in Physical Medicine and Rehabilitation and Pain Medicine. He has been on the Exam Council for the American Board of Pain Medicine since 2001 and is also Level II accredited to perform impairment ratings for injured workers in the State of Colorado.

Learning Objectives

Attendees will learn...

- The state of science regarding marijuana in various use-cases
- Differences between Schedule I and Schedule II regarding marijuana
- What data monitoring systems are in place nationally and within states to track the changing marijuana policy landscape
- The impact of marijuana on the youth population
- What various medical associations are saying about the evidence surrounding marijuana
